**ATHLETIC ELIGIBILITY CHECK PROCEDURES**

Students participating in Clark County School District athletics must earn a minimum of two (2) units of credit per semester with a 2.0 GPA.

Student-athletes in CCSD must maintain passing grades in all subjects for week-to-week (Monday to Saturday) eligibility.

It is recommended teachers contact parents of student-athletes who are failing (F) or are in danger of failing (D) a course.

Coaches are given a list of all students receiving a failing grade after the Check/Probation check. Students receiving a failing grade are on probation for one week and checked on the following Monday. Students still failing the same course are declared ineligible for the week (Monday to Saturday).

Students who have been declared ineligible will be checked weekly until a passing grade has been earned.

Three-week checks may include the pupil's cumulative semester grade or 9-week grade.

Students are to be deemed ineligible until the Athletic Administrator verifies through Infinite Campus the student's eligibility.

It is the school's responsibility to request grades for students attending home school, charter school etc.
