

FAST FACTS ABOUT CHRONIC ABSENTEEISM

Chronic absenteeism in the Nevada School Performance Framework (Star Rating):

Chronic absenteeism is a school quality measure that captures the total percentage of students who are absent for 10% or more of their enrolled days. Chronic absenteeism is a contributor to a school's star rating (10%).

The definition of chronic absenteeism that schools must use in reporting absenteeism is as follows:

A student is absent if he or she is not physically on school grounds and is not participating in instruction or instruction-related activities at an approved off-grounds location for the school day. Chronically absent students include students who are absent for any reason (e.g., illness, suspension, the need to care for a family member), regardless of whether absences are excused or unexcused. Students who are absent 10% or more of their enrolled school days are considered chronically absent. For example, a student enrolled all year will be enrolled 180 days, and will be considered chronically absent if the student misses 18 or more days of school.

Common Attendance Codes in Infinite Campus & Impact on Chronic Absenteeism:

State Code	Definition	Count Toward Chronic Absenteeism?
AIA	Alternative Instructional Arrangement (Special Education)	No
APP	Appealed	No
ASA	Approved School Activity	No
